The **WriteAway** program is an accelerated process of underwriting for your healthiest clients. We use information provided from an application and publicly available data for the opportunity to eliminate a paramedical exam and labs using the same pricing as traditional underwriting with no additional policy fee.

Potential benefits include:

**Less invasive —
Opportunity
for no labs**

**Simple online
application process
to answer medical and
lifestyle questions**

**Reduced not in
good order (NIGO)
applications**

**Faster
underwriting —
and faster decisions**

**Full commissions +
quicker processing =
get paid faster!**

Who is eligible?

Issue ages	Ages 18-60 (plan age)
Face amount	Up to and including \$2,000,000 for ages 18-50, or \$1,000,000 for ages 51-60, placed in force or applied for in the past two years.
Build criteria	Within the recommended guidelines, same build chart as traditional underwriting.
Products available	Available for all currently marketed products
No major medical and non-medical impairments	See the impairment charts on page 5 for eligibility
Underwriting classes	Standard (Tobacco and Non-Tobacco users), Preferred (Tobacco and Non-Tobacco users), and Super Preferred. Flat extras may be allowed for avocations and aviation only.
Replacements	Internal replacement or exchanges are not eligible for the WriteAway process.
Approved states	WriteAway is available in all states*
Additional or companion policies	Additional and/or companion policies are allowed.

*North American is not licensed in the state of New York.

How is it determined who is eligible?

Clients without major medical conditions, who meet certain height/weight requirements, and are classified as low risk have the potential to qualify for WriteAway. Following submission of the SimpleSubmit e-App, all cases within eligible age and face amounts will receive an email with access to the Online Part 2 or a tele-interview request. The applicant will answer a series of questions about their lifestyle and medical history to determine their eligibility.

How will I know if my client is required to submit labs?

You will be notified through the Paperless Pending report available from northamericancompany.com if your client is required to submit labs. The order will be submitted by the North American underwriting team.

How do I apply for WriteAway?

The WriteAway underwriting process is different from traditional underwriting. Here's how it works:

Step 1: Discussion

- You will complete the application using North American's electronic application feature, SimpleSubmit® e-app, which will include a few pre-qualification questions to determine if your client is eligible for WriteAway.
- While SimpleSubmit is the preferred method, WriteAway is available for paper application submissions as well. Please note with paper application submissions, you must determine your client's WriteAway eligibility. Applications in California must be submitted through SimpleSubmit to be eligible for the WriteAway process.
- When submitting via SimpleSubmit, look for **Next Steps** for the WriteAway process if the client qualifies.

Step 2: Online Part 2 Application

- The next step is to start the Online Part 2. Clients will receive an email with a unique link that will provide access to their online application.
- The client can complete the online application anywhere there is an internet connection, including the comfort and privacy of their own home. To gain entry to the online application, the client will need to verify their identity with their legal first and last name, date of birth, and social security number.
- The application contains a series of lifestyle and medical history questions to help determine if the client qualifies for WriteAway accelerated underwriting or if traditional underwriting is needed.
- If the tele-interview option is selected, the applicant will receive a phone call within two business days from a paramed vendor representative to complete the online part 2 questions via telephone.

Step 3: Notification

- ➔ **No labs needed:**
 - You will be notified that the case has been approved and we will proceed with the issue process.
- ➔ **Labs needed:**
 - You will be notified and the case will automatically proceed through the traditional underwriting process. The administrative office will schedule an appointment to have the client's blood pressure, physical measurements, pulse, and labs taken.
 - Once a decision is made, notification will be sent through your Paperless Pending Report.

Agent Assist:

If available on the product your client is applying for, you will have the option to select Agent Assist in SimpleSubmit e-App. Please note, when Agent Assist is selected, only the agent will receive the link to the Medical & Lifestyle History Questionnaire. This process will replace the teleinterview process for clients who require assistance.

Agent Assist is not available in California.

How do I prepare the client to complete the Online Part 2 application?

After submitting the application, help your clients know what they can expect throughout the WriteAway process. Part of the Online Part 2 application includes questions about your client's lifestyle and medical history. Please have the following information available to help expedite the process:

- Advise the client that they **may** be eligible for this program, which will not require labs or a paramedical exam, but they will be contacted by a paramedical company if it's determined they are needed.
- Your client will receive an email with a unique link to complete the online application. Your client will need to have the following information available to complete the online application:
 - Details of any past or current illnesses, injuries or conditions
 - Details of past and current use of tobacco
 - Details of parents' and siblings' medical history
 - Any prescriptions they are currently using or have used in the past two years
 - Name, address, and phone number of current licensed medical professional and all other physicians seen in the past five years
- Once the application is completed, the client will complete an electronic signature process and submit the application for review.

How can I help my client complete the Online Part 2?

When filling out the eApp, you can elect to complete the medical and lifestyle history questions with the proposed insured by selecting “Agent will complete with the Proposed Insured” on the Part 2 Options screen. Following the submission and signing of the application, you will receive an email with the a link to access the Online Part 2.

Impairment chart

The following impairments are not eligible for WriteAway. For questions pertaining to a specific impairment not listed, please contact your up-line.
