Sammons Financial[®] is the marketing name for Sammons[®] Financial Group, Inc.'s member companies, including North American Company for Life and Health Insurance[®]. Annuities and life insurance are issued by, and product guarantees are solely the responsibility of, North American Company for Life and Health Insurance.

Fixed index annuities are not a direct investment in the stock market. They are long term insurance products with guarantees backed by the issuing company. They provide the potential for interest to be credited based in part on the performance of specific indices, without the risk of loss of premium due to market downturns or fluctuation. Although fixed index annuities guarantee no loss of premium due to market downturns, deductions from your accumulation value for optional benefit riders or strategy fees or charges associated with allocations to enhanced crediting methods could exceed interest credited to the accumulation value, which would result in loss of premium. They may not be appropriate for all clients. Interest credits to a fixed index annuity will not mirror the actual performance of the relevant index.

The Income Pay ProSM 10 fixed index annuity is issued on form NA1012A/ICC17-NA1012A.MVA (contract), AE665A/ICC22-AE665A, AE575A/ICC16-AE575A, AE577A/ICC15-AE577A, AE579A/AE579B/ICC15-AE579B/AE608A04, AE584A/ICC15-AE584A, AE583A/ICC15-AE583A, AE638A/ICC21-AE638A (riders/endorsements) or appropriate state variation by North American Company for Life and Health Insurance[®], West Des Moines, IA. This product, its features and riders may not be available in all states.

For purposes of this product, "Income" refers to the contractual guarantee provided by election of lifetime payment amounts (LPA). It is not the same as and does not refer to interest credited to the annuity contract.

1. Roll-up rate (also known as the GLWB value increase percentage) compounds for up to 10 years or until lifetime payment election date, if earlier.
2. The embedded guaranteed lifetime withdrawal benefit (GLWB) rider includes a rider charge of 1.15% of the GLWB value, deducted as a partial surrender from the accumulation value on each contract anniversary while the rider is in effect.
3. Lifetime income refers to guaranteed payment of Lifetime Payment Amounts (LPAs) as defined in the GLWB Rider included in this contract. It does not refer to interest credited to the contract. Please consult with your own tax advisor regarding tax treatment of LPAs, which will vary according to individual circumstances.
4. A.M. Best Company rating—effective August 29, 2023. A+ (Superior) is the 2nd of 15 categories.
5. The Nursing Home Multiplier (known as the LPA Multiplier Benefit in the contract) can be paid out for a maximum of five annual payments as long as the client continues to meet the requirements on each payment date. Confirmation that the client continues to meet the requirements will be required on an annual basis. See the product brochure for further details and limitations.
6. The LPA reserve is subject to a maximum LPA reserve and is not available after the maturity date. See product disclosure for further details and limitations.
